#### **Division Description**

The Idaho Commission of Pardons and Parole is charged with the responsibility for parole (inmates selected for release by the commission after serving at least the minimum portion of their sentence), commutation (modification of an offender's sentence), and pardon (forgiveness of a sentence). The commission's goal is to provide the highest degree of protection to the community while providing offenders the opportunity to become responsible members of society. The seven commission members are appointed by the Governor to three-year terms and are subject to confirmation by the Idaho Senate.

# Agency Profile Organizational Chart

### Part I - Agency Profile

#### **Agency Overview**

The Commission of Pardons and Parole (Commission) became a stand-alone agency on July 1, 2010. This agency is fully funded from the state general fund but operates closely in conjunction with the Idaho Department of Correction (IDOC). The Commissioners are appointed by the Governor for three (3) year terms, confirmed by the Senate, and can be re-appointed at the end of their term.

<u>History:</u> The Commission was established in 1969, four (4) part-time Commissioners and one (1) full-time Commissioner with the title of Executive Secretary who served as the head of the agency; Commissioners were appointed by the Board of Correction. The Commission was later restructured to consist of five (5) part-time Commissioners and an Executive Director who was appointed by the Commissioners. In 2017, statute was amended to seven (7) part-time Commissioners. In the early 1990's, the Executive Director position was moved directly under the Board of Correction but in 1998, statutes were changed to move both the Commissioners and Executive Director directly under the Governor. In 2010, the statute was again amended to make the Commission of Pardons and Parole a separate agency.

<u>Purpose</u>: The duties of the Commission are to conduct parole consideration hearings; process requests for clemency (pardon, commutation, remission of fines); restoration of firearms rights, process parole releases; consider early discharges from parole; consider medical parole; and to process offenders who are on parole in the community but have been charged with violating their parole. The duties of the Commission are described under Sections 20-223 and 20-240, Idaho Code.

Organizational Structure/Staff: The agency is staffed by thirty-seven (37) full time employees.

- The Executive Director is the head of the agency and is appointed and serves at the pleasure of the Governor.
   This position is the official spokesperson for the agency and is responsible for managing all Commission business.
- The Violation Hearing Officer Supervisor supervises eight (8) Violation Hearing Officers, two (2) Violation Records Coordinators, serves as a member of the Leadership team, and speaks on criminal justice matters in the Director's absence.
- The Parole Hearing Investigator Supervisor supervises eleven (11) Parole Investigators and serves as a member of the Leadership team.
- The Business Operations Manager supervises eight (8) professional and administrative staff which includes the Hearing Manager, Financial Specialist, Legal Assistant, Business Analyst, Research Analyst, four (4) technical administrative positions and serves as a member of the Leadership team. This position will speak on financial and business-related matters in the Director's absence.
- The Hearing Manager is responsible for the Commission hearing process and supervises four (4) staff members which include the Hearing Technician, Administrative Assistant II, Victim Coordinator, one (1) Technical Records Specialist I.

#### **Core Functions/Idaho Code**

The Commission is mandated to process all eligible offenders for parole consideration hearings. Under the Unified sentencing structure, each sentence must include a fixed portion for the offender to serve, during which time the offender cannot be released on parole, and an indeterminate portion, of which the offender can be paroled. The initial parole hearing is scheduled six (6) months prior to completion of the fixed portion of the sentence but may be modified if the offender's housing assignment is changed.

The Commissioners meet monthly to conduct parole hearings, revocation hearings, and reviews of cases (appeals of prior decisions, early discharges from parole, medical parole considerations, and numerous other cases requiring a Commission decision), usually meeting in panels of two (2) or three (3). A full panel of seven (7) Commissioners is scheduled to meet one day per quarter to consider pardons, commutations, and cases on which the panel of

three (3) could not reach a unanimous decision. Included in the quarterly schedule is a Commission business meeting with all seven (7) Commissioners in attendance.

Offenders on parole are supervised by IDOC but remain under the purview and conditions of the Commission. If an offender violates conditions of parole, the parole officer may submit a Report of Violation outlining the alleged violations. A Violation Hearing Officer will conduct a hearing to determine if the offender is guilty or innocent of the allegations. The Violation Hearing Officer may recommend that the offender be reviewed by the Commission for consideration of a parole diversion or may refer the offender for a revocation hearing before the Commission. At a revocation hearing, the Commission may reinstate parole; order a parole diversion, revoke parole, grant a new parole; or deny parole consideration until a later date, or may deny parole and pass an offender from further parole consideration. The Commission conducts many reviews monthly to include reviews of disciplinary action for offenders who were granted a parole release date but have had serious behavior issues; medical parole requests; miscellaneous reviews for various reasons that require a Commission decision; appeals of prior decisions; early parole discharge requests; and clemency (pardon or commutation) requests. These reviews are prepared by staff and the case is reviewed with the Commissioners for a decision.

<sup>\*\* &</sup>quot;Parole Releases" now includes only those released to parole via new contract. Past numbers counted those released to parole (TM to PR) and those released as a parole violator back to parole (PV to PR).

<sup>\*\*\* &</sup>quot;Victim Contacts Attempted"- new database tracking has allowed for a more accurate and thorough counting of victim interactions.

#### **Red Tape Reduction Act**

Each agency shall incorporate into its strategic plan a summary of how it will implement the Red Tape Reduction Act, including any associated goals, objectives, tasks, or performance targets. This information may be included as an addendum.

	As of July 1, 2019
Number of Chapters	1
Number of Words	13,843
Number of Restrictions	113

The Commission continues to strive in reducing and to simplify IDAPA rules & statutes by taking out redundancies & duplications. Currently the Commission has three (3) chapters proposed updating within the IDOC combined chapters. The Commission has one (1) chapter of IDAPA rules which were updated by removing outdated language, duplicative statutory language and obsolete rules. The Commission plans on further updating the rules and statutes to reflect current and best business practices.

	providers and attend training	target	n/a	6 per year	6 per year	6 per year	6 per year					

# Performance Measure Explanatory Notes Goal # 1: Improve the process for addressing parole violators

- 1. Document timelines between events in the parole violation process.
- 2. Reduction in length of stay for technical parole violations.

#1 is in relation to a previous goal of completing hearing documentation prior to the end of the month. Because this is now done as a matter of practice monthly, the target was set to reflect an expectation of 100% compliance.

#2 was a measure set in previous years as a workload measure. However, other factors influence those numbers that are not controlled by Commissioners or staff. Therefore, this is no longer reported as a performance measure, although it is monitored as a workload concern.

#3 every victim with an address on record was contacted by letter. Last year, 430 letters were returned as undelivered.

#4-6 were new in FY 17. The increase in time between arrest and revocation (#4) is related to the volume of parole violations in general, and the volume of parole violations which include new felony convictions. Parole violations involving new felony charges are typically continued at the offender's request until adjudication of the new charges, thus extending the time before the revocation hearing.

#### Goal # 2: Organizational restructuring of Parole Commission to maximize efficiencies

- 1. All employee positions have been analyzed and appropriate adjustments have calculated.
- 2. The Commission will meet increasing hearing demand while ensuring that commissioners maintain part time status.
- 3. All agency policies and procedures will be updated and complete.

#7 was new in 2017. A policy team was created to address updates to policies and procedures.

# Goal # 3: Reduce the number of first-time drug and property offenders serving over \*150% of the fixed portion of their sentences

- 1. Annual time in custody report will reflect a decrease in time served for drug and property offenses.
- 2. An increase in first time drug and property offenders being paroled within 150% of their fixed sentences.

#12 and 13 figures are obtained from a report which is produced by IDOC

#13 does not contain a target, as the fixed portion of time for any sentence is imposed at the time of sentencing and varies by crime type. This is simply a measure for reference.

\*Although the 150 percent benchmark is no longer included within the legislation, IDOC and ICPP continue to use this marker to enable consistent comparisons of parole release delays over time.

#### Goal # 4: Increase transparency in Parole Commission functions

- 1. Develop policies and procedures for audio recording and related record keeping.
- 2. Maintain process for approving hearing minutes immediately following Commission hearings.
- 3. Create Frequently Answered Questions and current hearing data sections on Commission website.

#14-18 were new goals in 2017. The Commission increased the use of its website to better educate the public about our services and outcomes. The Executive Director and/or Deputy Director continue to make presentations to partner agencies and the general public in order to be more accessible and to educate our stakeholders.

#### Goal # 5: Improve and increase the scope of services provided to victims

- 1. Create a secure database for maintaining victim contact information.
- 2. Publish forms for victim information that can be completed and submitted electronically via Commission website along with links to victim service organizations.
- 3. Dedicate more of Victim Coordinator's time to interaction with victims.

#19-21 were new in FY 2017. Victims of crime have the right to be notified of all criminal justice proceedings, including parole proceedings. The Commission employs a Victim Coordinator who is responsible for making these notifications, as well as guiding victims through the process. Because of the large number of notices to be sent,

other services to victims have been minimal, we are working toward other solutions to assist with notifications so that the Commission can better support victims through the parole process. This includes resource referrals, attending hearings with victims, and providing guidance and information. We have added a position to assist the victim coordinator with notifications, so that more time can be spent with victim interactions throughout the parole process.

# STATE OF IDAHO COMMISSION OF PARDONS AND PAROLE

Brad Little
Governor
Ashley Dowell
Executive Director

November 18th, 2019

#### **MEMORANDUM**

TO: Adam Jarvis, Division of Financial Management

Jared Larsen, Governor's Office

FROM: Ashley Dowell, Executive Director, Idaho Commission of Pardons and Parole

SUBJECT: Reduction Plan for FY 2020 and FY 2021

The Idaho Commission of Pardons and Parole is presenting the following plan in support of the Spending Reset for Fiscal Years 2020 and 2021. The Commission was asked to identify a 1% base reduction for FY 2020. A 1% base reduction of the Commission's FY20 budget is \$34,300.00. The Commission will revert the entire amount from personnel monies as the result of salary savings that have already been generated through open positions in FY20.

The Commission was also asked to identify a 2% base reduction for FY2021. A 2% base reduction of the Commission's FY21 budget is \$68,200.00; with 2% equating to \$55,800.00 coming from personnel costs and \$12,400.00 coming from operating expenses. The Commission is instead requesting to utilize \$46,600.00 from personnel costs and \$21,600.00 from operating expenses and appreciates the transfer flexibility proposed by the Governor to do so. The Commission will accomplish the 2% reversion as follows:

- Reversion of \$46,600.00 in personnel costs by not filling one Technical Records Specialist 1
  position for FY21.
  - The remaining \$9,200.00 would be transferred from miscellaneous operating expenses to personnel costs
- A reversion of \$21,600.00 in miscellaneous operating expenses
  - \$12,400.00 for the original 2% reversion and an additional \$9,200.00 to be transferred to personnel costs.
